

Leila - part of the pool

Leila^{*}
all-sharing-shop

Hey you,

Berlin boasts the first all-sharing-shop Leila. Here, you can **borrow things** - like in a library - **for free!** However, Leila needs your support. So, why not share your favorites with other people...

... and have fun!

More than 500 things are already shared!

Pull carts * barbecue grills * badminton * games * music instruments * tools

Be part of it!

1. Contribute one thing into the pool.
2. Get a "sharing-card".
3. Borrow things you need.

The key benefits of sharing are ...

- * Sharing instead of buying. You will save money for something else.
- * Get rid of stuff. More space for you.
- * Rediscover the commons by sharing with a group:
Less stuff and production is environmental friendly.
