

Leila - part of the pool

Leila^{*}
all-sharing-shop

Hello,

Leila is Berlin's first all-sharing-shop. Here, you can **borrow things** - like in a library - for free! However, Leila needs your support. So, why not sharing one of your favorites with other people...

... and have fun!

More than 100 things are already shared!

Pull carts * barbecue grills * badminton * games * music instruments * tools

Be part of it!

1. Contribute one thing into the pool.
2. Get a "sharing-card".
3. Borrow things you need.

The key benefits of sharing are ...

- * Sharing instead of buying. You will save money for something else.
- * Get rid of stuff. More space for you.
- * Using commons in a group:
Less production is environmental friendly.
